Subject: Invitation to Speak at DKU - “Who Built TikTok?”

Dear Jingbo Huang,

The DKU Computer Science Club is a student-led community that brings students together through practical computing, interdisciplinary innovation, and flagship programs including HackDKU.

Website: dkucs.com | **LinkedIn:** [DKU Computer Science Club](#)

The DKU AI Club is a diverse community of AI enthusiasts from all fields at DKU, working to make AI accessible, relevant, and exciting for everyone.

On behalf of both clubs, we are honored to invite you to speak at “Who Built TikTok? - Stories from a Decade of Mobile Internet” at Duke Kunshan University on Saturday, August 29, 2026.

The event will bring together two senior industry leaders to share personal experiences behind TikTok and the evolution of the mobile internet, followed by a panel discussion and student Q&A. We hope the session will give DKU students valuable insights into product development, industry transformation, interviews, and technology careers.

We would be pleased to provide on-campus hotel accommodation and reimburse reasonable round-trip transportation expenses associated with your visit.

It would be a great honor to welcome you to DKU. We sincerely hope you will consider joining us.

Best regards,

Tianrui Gu

President, DKU Computer Science Club

Xinrong Sun

President, DKU AI Club

On behalf of the DKU Computer Science Club and DKU AI Club
